

Secondary Source Presentations Outline

Publication Information

Should include:

- Author of article
- Title of article
- Date article was published
- Journal Name & Issue

Summary

This should have 100 words per group member. Please include the word count at the bottom of the summary section.

Questions

Please include no less than 10 questions for the reading.

*****Note: This should look the same for each secondary source reading. Do not mix the readings into one outline, as you need to do the above work separately for each reading. There should be two readings in total.***
